How many centimetres would Andy Ant have to walk to find the perimeter of each shape?

Draw an 'L' shape of your own with a perimeter of 20 cm.

34

Use a ruler to measure the perimeter of each shape.

Write the perimeter of a:

9 rectangle with a length of 10 cm and a side of 7 cm.

10 regular hexagon with a side of 4 cm.

11 square with a side of 11 cm.

THINK Write a rule to work out the perimeter of regular shapes.

I am confident with finding the perimeter of regular and irregular polygons.
